THE JUDICIAL NOMINEES.

There is one Justice of the Supreme Court and four District Judges to be elected in Nevada next Tuesday. The Silver pominees for the positions are M. S. Bonnifield of Humboldt for Justice of the Supreme Court; C. E. Mack of Storey for Judge of the First District; A. E. Cheuey of Washoe for Judge of the Second District; A. L. Fitzgerald of Eureka for Judge of the Third District, and George F. Talbot of Elko for Judge of the Fourth District.

M. S. Bonnifield, the candidate for Supreme Judge, is a Nevada pioneer. He has practiced law in this State for thirty-two years, and is recognized by the profession as one of the ablest members of the bar in the State. He knows the law and will administer justice impartially.

C. E. Mack of Storey is the candidate for Judge of the First Judicial District, which comprises the counties of Storey, Ormsby, Lyon, Douglas and Esmeralda. He is a resident and taxpayer of the State, a bright, intelligent, energetic man, and thinks enough of the State in which he aspires to office to reside in it.

Judge Cheney, the nominee for Judge of the Second Judical District. comprising the counties of Washoe, Caurchill and Hamboldt, is the present incumbent. He has presided on the bench for four years and has won an enviable reputation for the impartiality and promptness of his rulings and decisions.

Judge A. L. Fitzgerald is the nomince for Judge of the Third Judicial District, which comprises the counties of Eureka, Nye and Lander. He has been on the beach for eight years and as proof of the high esteem in which he is held, he has no opposition.

Judge Geo. F. Talbot of Elko, the candidate for Judge of the Fourth Judicial District, comprising the counties of Elko, White Pine and Lincoln, is the present incumbent of the Bench in the District. He is an of said Court, and that on Jan.31th, 93 there able and upright Judge and stands high in the estimation of the people.

The Judiciary is of the greatest importance to the people, as the property and liberty and even the life of the citizen may depend upon the Justice and impartiality of the courts and it is gratifying to know that those men, who will doubtless next Tuesday be elected to preside on the Bench, understand the law and will administer it impartially, regardless of consequences to corpo rations,

Our Working Congressman.

How oft we allow party feeling fective work on the floor of our states, congress, one that has for the last six years made the finance of our nation a thorough and constant study and visited our Senate and Congress and there earnestly reasoned and plainly shown the falley of calling a menetary conference, and we can see that he was right

Mr. Newlands visited England in order to study the intrinsic working of her financial policy thereby fiting himself to do effective work before accepting the nomination for Congress and during the months that Congress was in session no one could have done better work in that crowd of over-e ated Congressmen that could see nothing but there own interest and determinedly fought all the legislation that would benefit the west or all of the United

Moved that all the gold and si'ver producing states would send men that are well qualified and equally as broad minded and as preserving as F. G. Newlands We would soon see the common comment of a new era of prosperity such as our nation has not known for years.
